

## Royal Brunei Airlines launches its first branded amenity kit with HARNN

Aeolus (Asia) Ltd. is proud to announce the launch of the first branded amenity kit on Royal Brunei Airlines. In addition to the long-standing supply of Business Class amenities and tableware, Aeolus has worked on the perfect brand association to always provide the best service to Royal Brunei Airlines' passengers.

Launched on the 28th of October 2018, the Royal Brunei Airlines Business Class passengers will now enjoy the benefits of the well-known Thai natural skin care brand, HARNN. More than skin care; the brand offers a sensorial experience restoring the natural balance of body and mind thanks to its Asian heritage and expertise. Each formulation is thought to bring wellness and relaxation; sitting inside a Royal Brunei Airlines-branded amenity kit pouch with its unique pattern design, along with comfort items aligning uniformed colour tone. They will be appreciated by passengers for a pleasant flight.

The specific awarded design of HARNN products also adds a contemporary luxury touch.

Passengers out bounding from Brunei or from the 16 current destinations of Royal Brunei Airlines in Southeast Asia, the Middle East, Europe, and Australia, will fully enjoy the benefits of HARNN's Cymbopogon line: the Body Souffle with Shea Butter and Rice Bran Oil and the Nourishing Lip Balm, for a deep hydration.
